# Company Overview

## The Company

- **Founded in 2012, pretty young but ambitious, All In One Profits is an European company which integrates a suite of essential web tools, products, services, and advertising. This includes professional web hosting and autoresponder, all affordable solutions to help businesses and individuals simplify and facilitate their online operations, while lowering the cost of their online presence by delivering critical internet products and services on demand. Including a full spectrum of compliance to web presence regulation and anti-spam compliant services.**
- **Building a complete business around the company itself or using AIOP products and services to build any other business, AIOP offers a chance for everyone. Maximizing returns through the company's diligence in achieving personal and financial goals through networking, web tools, education, products and services, advertising, an excellent affiliate compensation plan, advice, and knowledge.**
- **The AIOP owners and founders are each experienced in his activity field.**  
**Johan van Geffen : Programming, Isabela Capsuna: Marketing and PR, Human resources, and Economics.**

## The Project

- **AIOP is designed to be a complex project, a whole advertising network providing web hosting and autoresponder services, along with all the essential web tools, products and services, software, educational material, training, and all legal forms of advertising. It is a complete and complex web platform with access to a lot of ingredients making any business online possible.**
- **Whether you want to promote an online affiliate or local business, church, school, store, or want to start a business online, you will need web hosting for your site. Then you need to let the world know about your business, thus it is a must to use an anti-spam compliant, pro autoresponder with double opt-in service, a way to track your results, building your own pages, and advertise your opportunity without spending a fortune.**
- **AIOP management team decided to do something different, (putting all standalone web tools together, in one place for easy access and use, thereby increasing efficiency and performance, while keeping cost effective and very minimal) providing all the sought after essential web tools, that can be used independent one of the other. But imagine their power!**
- **The idea behind the AIOP project is to use all the marketing tools to build any business. They are not dedicated specifically to build your All In One Profits affiliate business only. Combining these with the benefits of a whole advertising network, you will get a pretty nice idea about our All In One Profits network project. AIOP's Uniquely innovative "Even up system" is used to build the affiliate compensation plan and completes the whole image of how the AIOP Company decided to help the average person.**

## The Network

AIOP is only the tip of the iceberg, the idea behind this is to give people the tools and the knowledge, first of all, and put them on a fast track to achieve their goals through the entire advertising network that will be quickly built under the AIOP umbrella.

## Partners

**“Lead by principles we never ceased to abide by: honesty, integrity, transparency, legality, trust and support, we have as partners: individuals, businesses, and NGO charity organizations.”**

Since the idea of helping people struggling through the endless recession by providing them with the tools they need online was AIOP leading thought, the management team decided to expand and extend this help through charity partners, financing ongoing and future charity projects with a significant part of AIOP's network profits. As the network will grow and the income of AIOP members will also grow, AIOP really hopes that more members will contribute with their donations.

**The targeted area is Africa, an extensive area with complex problematic and humanitarian needs.**

## People

All In One profits is how we like to call, a whole Internet Business Platform, created for both beginners and advanced marketers. It is a great place to network and collaborate because our members are inspired to be the best they can be and to create opportunities in a positive environment. A chance for everyone to take control of their own lives, and making dreams come true.

## Activity

- AIOP provides: web tools and services online, software, huge video/audio/ebooks library, training affordable quality Webhosting, Professional double-optin autoresponder (AIOP Response), Splash/Squeeze builder, Video maker, Video page creator, URL tracking, URL rotators, Text and banner advertising, and an Advertising co-op.
- The AIOP Network will have all the sites under the AIOP Company umbrella, providing all types of legal advertising.

## Affiliate compensation plan

- All In One Profits' pay plan is not a cash gifting program or a member to member payment, it is just the AIOP Company's own decision to reward their affiliates, a simple way to encourage and give a breath of fresh air to those struggling online. While the Pro Level pays 75% affiliate commission on the Pro level sales, plus a bonus per each Pro level sale, the Basic Level pays 100% affiliate commission for basic level sales. The management team also earns being part of the system, teaming up with the members and forming a whole team.
- The Company decided to equip AIOP members with everything they need to start or grow their business, by giving them the web tools, services, and the affiliate commission. The system is created to work as an online resource and support platform for every marketer, but we will always remind you that MLM, network marketing, and affiliate marketing is not about the system or the company; it is about people.

## **MLM, network marketing and affiliate marketing is not about the system or the company, it is about YOU**

**All In One Profits gives YOU everything YOU need to start or grow YOUR business, the web tools and services, the affiliate commission. The system is created to work as an online resource and Support Platform for every marketer.**

All the tools anyone needs to have a successful online business are available in this program, apart from the fact that this program in itself is a worthy and honest business on its own. Even people NEW to the online marketing scenario will find this program extremely easy and good. **If you are really interested in making money online and want to have a business that gives you residual income for life, this is the only program you will ever need.**

**For marketers who want to SAVE money:** AIOP has webhosting, double opt-in autoresponder with unlimited shared and private campaigns and lists with unlimited number of subscribers, splash/capture page builder, web conference room, tracker, rotator, downline builder, on-site advertising (banners and text ads), scripts, software, and e-books for learning and reselling... and is all available for just \$11.50 monthly at Basic level and 21.76 at Pro level which has all the features available but most of all... **you can make more money as Pro member!**

**For marketers who want to MAKE money:** the compensation plan of AIOP is absolutely unique. It is even-up, wide, and deep! Members are getting every second referral of their referrals passed up to them, which offers a never before seen opportunity to build a very solid, residual income in a very short amount of time! On the basic level, members are paid \$10 per referral, so we can say, they are breaking even with just 1 (one!) sale! The only difference is \$1.50 payment processor fee, so small that isn't even worth mentioning! **For just a cost of a pizza, the members of AIOP are building wealth. But the real benefits are revealed by the Pro level .** AIOP isn't for advanced marketers only, in fact, **it is a very newbie-friendly program.** There are video tutorials available in members' area: how to set up the autoresponder, how to use the splash builder, and so on. On our products page, there are video series available that talks about everything an online marketer should know to become successful.

Building a business in any MLM, affiliate, or network marketing means Branding and Advertising You and Your business.

**Everything is about YOU and YOUR business!**

Not gurus, not Joes and Jills to build their lists and their businesses. It is about you and your decision to take the control of your business and your money. To make this happen, you need the right, affordable marketing tools.

**AIOP has everything you need and two levels of membership : Basic and Pro.**

Let us forget a moment about the excellent Pay plan that All In One Profits (AIOP) offers and rather, have a look at the WEB TOOLS AIOP offers to those who want to make money online or just to build or expand their off line or online business, or simply work from home, part time or full time trying to complete or build their monthly residual income

- The AIOP double opt in Auto Responder is extremely easy to use and if you are really serious about making money on the Internet you have to build yourself a list. Without an Auto responder, building a list becomes a nightmare.

Where else are you going to get an Auto responder, Splash builder, Link tracker, and Link Rotator for as little as \$11.50(Basic membership)?

**But this is not all:**

- For \$11.50(processor fees included) you also get **premium hosting**( buy your self a Domain Name -normally about \$10 per year depending where you purchase) and start your own website/blog where you can promote your programs.
- Also don't forget about **AIOP E-Library**, Your one Stop Online Marketing Resource.
- **The Rotator**: By adding all your program's links to this tool it means that you can promote all your programs with one link. Basically every time that your rotator link gets a click, a new program will open.
- By adding your links to the **Tracker** tool you can then advertise the tracker URL to monitor the amount of clicks you get for your advertising. By using a bit of initiative you can track certain subject lines and emails to find out which ones are the best and then be able to concentrate on the ones that work.

- The point here is that AIOP provides you with the tools you need to get the results. And you can even teach your referrals how to make use of these tools. **AIOP is a very exciting proposition for anyone... newbie or experienced marketer.**

You might think it only \$10 -\$ 15 per referral, but when you have a downline building under you with tens or hundreds of referrals passing up their 'Even-numbered' referrals, you quickly realize how this can build a huge income.

**This is a heck of a program for the price and if you advertise it consistently every day, you will see profit well before your next subscription becomes due.**

<b>Fast Start Sponsor Bonus</b> (for each <b>Pro upgraded</b> referral sponsored by you)	-	<b>\$3</b>

# WHY SHOULD YOU CHOOSE THE PRO LEVEL ?

The basic level offers a lot for the \$10 and the 100% commission from the membership cost.

If it is for the Ad co-op included and the leads bulk import only, these alone make the upgrade to pro worth it, not to mention the extended advertising options plus premium downloads.

The Pro Level offers not only more products and bonuses over the basic level, but is much more PROFITABLE as residual income.

- \* For each BASIC level member in your downline sponsored by you or passed to you we pay you **\$10 commission**.

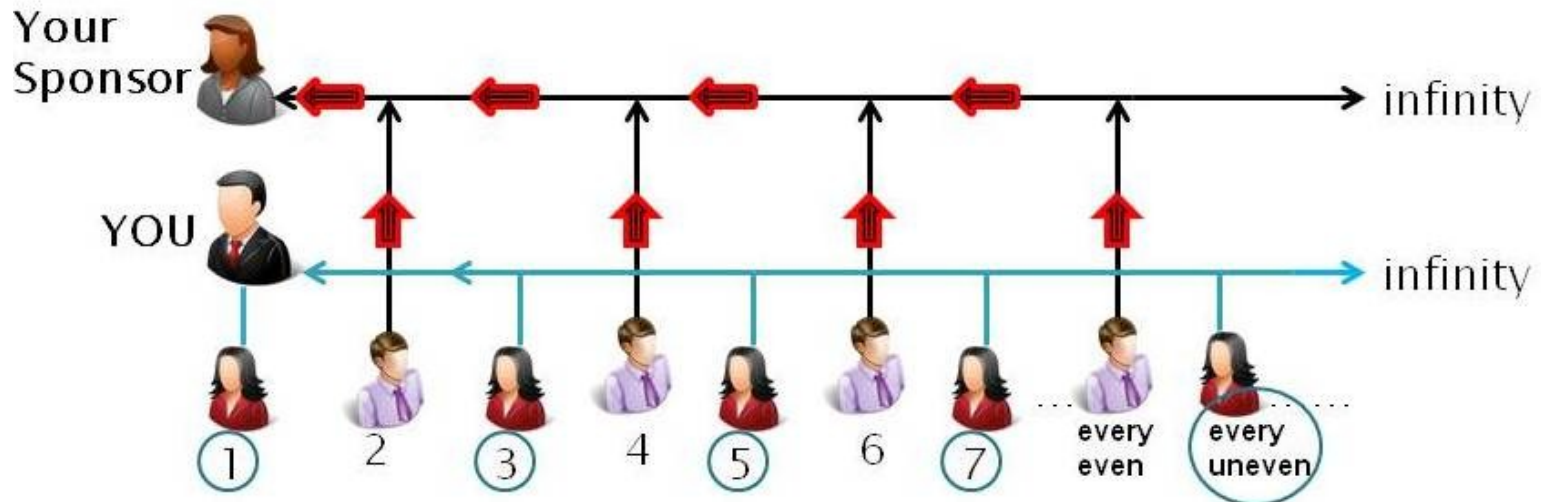

# HERE IS HOW THE SYSTEM WORKS:

=>You pass up all EVEN referrals. You keep yourself all your UNEVEN (Odd) referrals.

=>The #2, #4, #6, #8 .... will be passed up to your upline. You will keep the #1, #3 , #5, #7 .... ALL the Uneven (Odd) referrals are also called fixed referrals.

**You will be paid \$10 commission in residual income, for each Uneven(fixed) upgraded referral you will introduce to the program.**

- Your 1,3,5,7...every uneven (odd) referral to infinity is a fixed referral for you and will start a new line for you
- You will pass every even referral (2,4,6,8...to infinity) to your sponsor

## The Magic begins when YOU ARE THE SPONSOR and you keep ALL the Odd referrals to you:

You keep all the Uneven (odd) referrals sponsored by you, they are fixed referrals to you.

=> Each fixed referral will start a NEW line for YOU. An infinite number of downlines working for YOU !

=> Your fixed referrals will pass to you ALL their Even referrals. Numbers 2,4,6,8,...to infinity..

=> Every Even referral passed to you will also pass to you ALL his Even referrals , number 2,4,6,8...to infinity

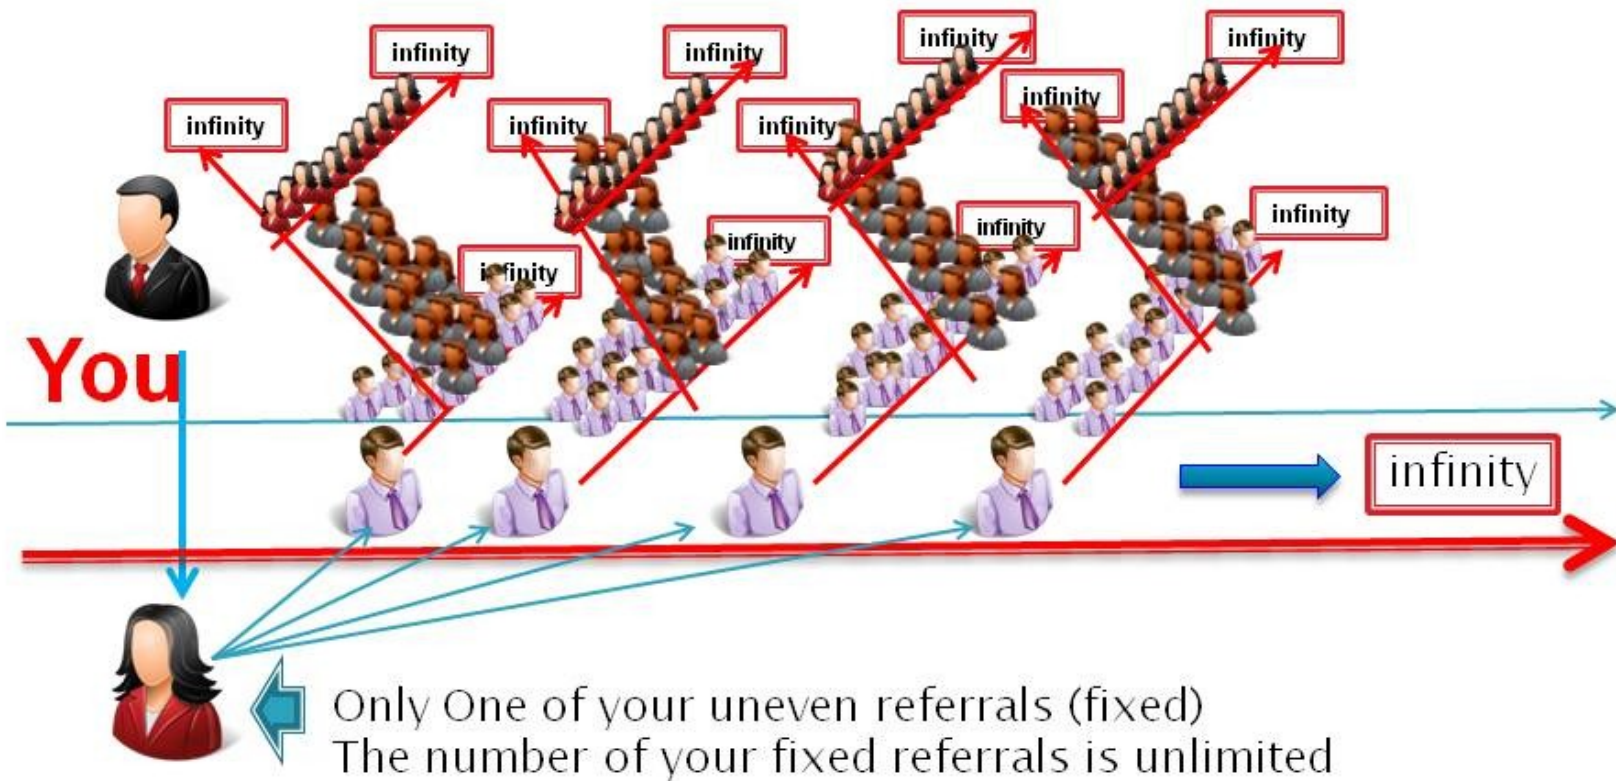

=> They ALL, starting with your fixed referrals and growing with ALL the Even(Odd) referrals passed to you, will build your downline (also called powerline, no matter how we call it, it is YOUR LINE).

=> The number of your lines is UNLIMITED, as many fixed referrals as you have, is how many downlines you will have.

=> Each line will keep growing down to infinity because:

Every #2, #4, #6, #8 .... referral of ALL the people in your downline will be passed up to YOU and we will pay you \$10 residual income for each upgraded member in your downline.

**Basic level sales** \*For each referral fixed or passed you will be paid **\$10**  
**Commission =>** which means **100%**

**Pro level sales** \$15 per Pro member in your downline  
**Commission =>** \$3 Pro Sponsor bonus (one time) for each  
 Pro member sponsored by you  
 \$10 for each Basic member in your downline

www.allinoneprofits.com

## Example below :

For a clear idea about how the system works, below is a **BASIC level example** . We assume that **you** and **each of the referrals** will have **6 referrals**. In reality, the number will grow wide-open and deep, **to infinity**, the same will be your residual income. The example is using also, **ONLY 6 of your levels**, they also grow to infinity.

You will pass 3 of the referrals to your sponsor, number 2,4,6 and you will keep for you 3 of 6 referrals, number 1,3,5.

This is your level **ONE**. On level **TWO**, you will have **the even** referrals **passed up** to you by your **fixed (odd)** referrals. Their even referrals number 2,4,6 ( $3 \times 3 = 9$ ). These 9 referrals will pass to you, **each**, their Even referrals ( $9 \times 3 = 27$ ).

This repeats on **every level deep to infinity**, they will pass to you each, their 3 even referrals in this example with **ONLY 3** wide-open referrals.

**Your income will be UNLIMITED in reality**, the number of the fixed referrals you may have is unlimited, growing wide, the number of the even referrals passed to you, deep is unlimited.

## ➤ **Our innovative " Even up " formula WORKS!**

- It is all about MULTIPLYING TO INFINITY wide and deep! Not with 1, 2, or 4 but... x INFINITY ! The potential it is HUGE !
- The Even up system is Better than any other matrix, straight line, 2up, 3 up, 4 up or any up system.
- While a 2up, 4 up or 5-6up system it is limited at 2 or 4 or 5-6 number of referrals you can receive from each member in your downline/powerline, our Even up system is passing to you ALL the even referrals from ALL your downline, down to infinity.
- Even if it looks like you pass too many referrals to your sponsor it is not so, you pass ONLY the even referrals across the WIDTH.
- But think: YOU, as SPONSOR, will receive ALL the Even referrals passed to you by your DEEP downline.
- And ALL your direct fixed referrals will start a new downline for you that will pass up ALL the Even to you.
