

AIOP AFFILIATE PROGRAM

VIP Affiliate Plan

The Basic commission is attractive because the product cost is \$10 and we pay \$10 commission on Basic package sale.

The downside of this 100% commission on Basic sale: if your own package is Basic, there are different products and services, and more advanced features of the products and services in the Basic package, which are available only with the Pro and even more with the VIP Club package, and no one should miss on them! So, if you want to benefit more for any

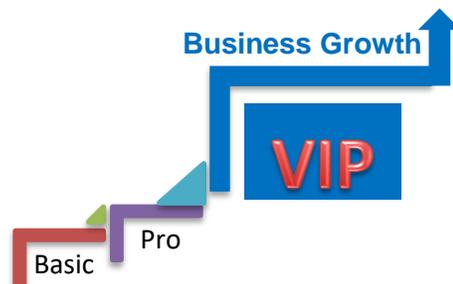

business of your own, you definitely should acquire for yourself a Pro or VIP package, more tools, more services, more features.

The Pro commission on Pro sales is different than the Basic commission with more potential profit. Even the commission is not 100% on a Pro sale, the potential income is HIGHER when you are **Pro** and you **sell also Pro** packages.

The VIP Club commission split means a real Twist in the commissioning within the Even up system. The VIP is based on the same Even up® structure, which means the sales are distributed and coded the same way as for Basic and Pro.

The Twist... the commission for the VIP even sales passed up to upline will SPLIT between the sponsor and upline. This means that the VIP sponsor always earns on every sale, even the sale is passed up. Initially, we did not plan the 3rd package, but when we decided to add more products and services, we had to consider not only the cost of the package but also to add the commission split twist.

We shall explain below how the VIP Club sales are commissioned.

You already may know, AIOP is about an opportunity that puts in your bare hands the possibility and all the tools you will ever need to build a legitimate, fully automated online business that will be generating money for you daily. The VIP package comes with more business tools, more services, more features reserved just to the VIP Club.

If you want to see your business growing EVEN MORE when you earn an ADDITIONAL INCOME just for using the business building tools and services for ANY business of your own...you'll definitely want to check this out...the VIP level Commissions.

BASIC

VIP

If you have already studied the Basic structure of our Even Up® affiliate plan then is fine, you will fully understand the switch within the VIP plan.

If you did not study it yet, we strongly recommend you to view/download the [Basic plan PDF](#) and to watch the pay plan overview [Video](#) that can be found on our [“Affiliates” page](#) or **for an extended view, download/view the GENERAL PayPlan PDF available on our website “Affiliates” page or [CLICK HERRE TO View/Download it.](#)**

Our affiliate Even up® structure is the same for Basic, Pro and VIP

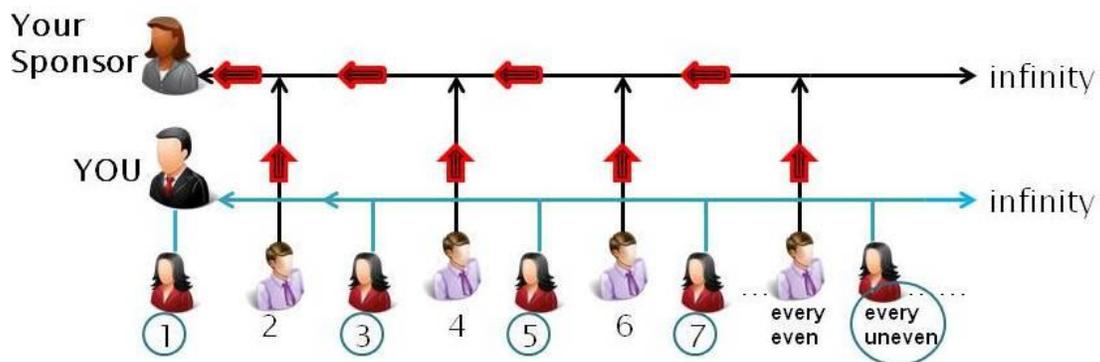

The BASIC Structure is fundamental to Pro and VIP but the percent and the assignment for VIP is different. Let`s look again at the Basic structure, in width and in depth.

In Width:

Every **Uneven** sale sponsored by you is coded to you.

Every **Even** sale sponsored by you is passed up to your sponsor (or upline).

- You keep all your UNEVEN (Odd) sales directly sponsored by you. That is #1, #3, #5, #7... ALL the Uneven (Odd), to infinity, are coded to You.
- You pass up all EVEN sales, directly sponsored by you, to your sponsor /upline. That is #2, #4, #6, #8to infinity coded to your sponsor/upline

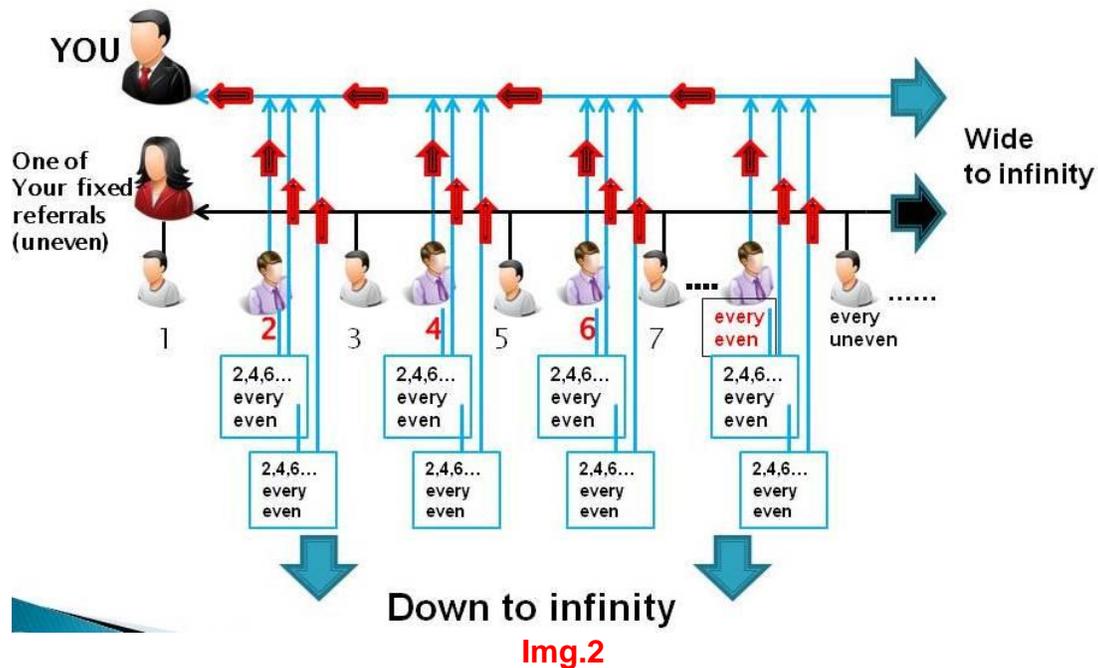

- Your 1,3,5,7...every uneven (odd) referral to infinity is a fixed referral for you and will start a new line for you
- You will pass every even referral (2,4,6,8...to infinity) to your sponsor

In Depth:

(Img.2)

When YOU are the SPONSOR and UPLINE and All the Even, in depth pass up sales are coded to you, the system reveals its true POWER.

1. The Uneven customers sponsored by YOU and coded to YOU, at their turn, when they choose to become our affiliates, will sponsor their own sales.
 - They will keep the **Uneven** referrals sponsored by them.
 - They will pass up to YOU, **ALL the Even** referrals sponsored by them, so that, every **Even** pass up from them will be coded to YOU.
2. ALL the Even pass ups coded to you, at their turn, will pass up to YOU **All their Even** sales, which will be coded to you.

- Your fixed referrals will pass up to you ALL their Even sales. Number 2,4,6,8,...to infinity
- Every Even referral passed up to you will also pass up to you ALL the Even sales , number 2,4,6,8...to infinity
- Your sales team is NOT passing up any sale to your sponsor or to your upline.

They all will form your sales team, the Uneven sponsored directly by you and the Even passed up to you.

Because you can sponsor unlimited sales, every new client sponsored personally by you, will start a new line in your sales team. Usually known as downline or powerline. The number of your lines is UNLIMITED.

Our proprietary " Even up® " formula WORKS because has no limitations in width and in depth!

Limitations are determined only in 1Up, 2 Up...x-Up systems! (More explanation at the end of this file)

YOU will receive ALL the Even sales passed up to you by your sales team which is your powerline.

Let`s define a Sales team versus your Referrals

Your Downline called also Powerline (sales team):

The totality of the sales sponsored directly by you as sponsor (your Uneven) PLUS all the Even sales passed up to you (in depth).

All your downline is coded to you and once coded to you, it will be like one long level(horizontally).

Your sales team (downline) is different from your Referrals.

Your Referrals:

All the clients sponsored directly by you, either you keep or pass up to your sponsor/upline.

VIP Affiliate Commissions

Note:

The VIP Commission also depends on the package YOU purchase, you have to be VIP to earn the VIP commission.

The VIP Club package - Costs \$59 each month (no processing fee)

If your membership is Basic:

- For the Basic, PRO and **VIP** referrals in your downline you earn \$10 which is 100% of your Basic package value of \$10.

So, YOU earn \$10 for each in your downline. You do **NOT** earn on the Even sponsored by you and passed up to your sponsor/upline. Only VIP sponsors can earn on the VIP referrals.

If your membership is PRO :

- For each Basic in your downline you earn **\$10**.
- For each PRO and **VIP** sale in your downline sponsored by you(Uneven) or passed up to you You earn **\$15** commission.

You do **NOT** earn on the Even sponsored by you and passed up to your sponsor/upline. Only **VIP sponsors** can earn on the **VIP referrals**.

If your membership is VIP:

- For each **BASIC** sale in your downline sponsored by you (Uneven) or passed up to you:
You earn **\$10** commission
- For each **PRO** sale in your downline sponsored by you (Uneven) or passed up to you:
You earn **\$15** commission
- For each **PRO** member sponsored by you, we pay an one time Fast Start sponsor bonus
You earn **\$3** (only if you are VIP and sponsor a Pro)
The Bonus is paid always to the sponsor NOT to the upline.
- For each **VIP** sale in your downline:
 - **Even, sponsored by you and passed up to your upline** you earn **\$20** commission.
 - **Even, passed up to you by your downline** you earn **\$20** commission.
 - **Uneven, sponsored by you and you keep** you earn **\$40** commission(\$20+\$20)

For a VIP sale, the commission is **SPLIT** between the **sponsor** (if is VIP) and the **upline**(if is VIP), as a twist of the system.

The sponsor ALWAYS earns \$20 on a VIP sale, IF and ONLY IF, the sponsor is also VIP.

The maximum commission we pay for a VIP sale is \$40, when you sponsor an Uneven VIP member.

Hence...

If you are VIP and you personally sponsor a VIP member:

- If the sale is one of your UNEVEN, you keep it as coded to you, you'll earn a commission of **\$20 as Sponsor + \$20 as Upline**, so a total of **\$40**.
(For Your Uneven you are at the same time sponsor and upline).
- If the sale is one of your EVEN, you will pass up the even sale to your sponsor/upline,
The TWIST: **you will earn a commission of \$20 as Sponsor**.
So, the Even sale is coded to your upline **BUT you earn \$20 as sponsor**.

If you are VIP Upline and receive sales passed up to you

If you are **VIP**, as **Upline** you earn **\$20 for every Even VIP sale received** from your downline.

Your downline may be Basic, Pro or VIP, but if they pass up to you a VIP sale, you always earn the **\$20 commission for a VIP sale** passed up to you by your sales team.

This should motivate you even more to make more sales, because...

- you earn the full **\$40** commission for your VIP Uneven sales coded to you,
- a **\$20** commission for every VIP Even sale you pass up.
- a **\$20** commission for every VIP sale you receive as pass up from your downline.

How a VIP sales commission will look like

- We shall assume that **you are VIP** and the commission is for **VIP sales** too.
- We chose an example where you personally make your first 6 sales.
3 Even VIP sales passed up to your upline and **3 Uneven VIP sales** you keep.
- Also, we used an example with 6 levels in depth, and the commission earned **only from VIP sales made by your downline**.

This is an ideal situation, because you may have also Basic and PRO sales in your downline,

1. **Your commission** from 3 Even sales sponsored by you and **passed up to your upline** is **\$60 (3x \$20)**.
2. **Your commission** from 3 Uneven sales sponsored by you that **you keep** in your downline is **\$120 (3x\$40)**.

Until here you have a total commission, **only from sales you personally sponsor, \$180**

3. Each of your 3 Uneven VIP referrals will pass up to you all their VIP Even sales, their #2, #4, #6 sales. This is 3x3 which means your new powerline passed up to you is 9. Your commission **from sales passed up to you** is another **\$180 (9x\$20)**.

Your total Downline is now **12 (3 Uneven + 9 passed up by them)**

Add the commission from referrals you sponsor and pass up to YOUR UPLINE.

That will be a total commission of \$360

As a total from your downline + the 3 even sales passed up by you to your upline.

4. **It goes on as it shows in the graphics below.**

6 VIP sales Sponsored by you	Even up passed up to you	NEW Downline	NEW Income	TOTAL Downline	TOTAL Monthly Income
3 VIP <u>Even</u> sales you pass up #2,#4,#6			\$60 (3x\$20)		\$60
Your 3 VIP <u>Uneven</u> sales #1,#3,#5	VIP	3	\$120 (3x40)	3	\$180 (\$60+\$120)
L2	3x3	9	\$180	12	\$360 (\$180+\$180)
L3	9x3	27	\$540	39	\$900 (\$360+\$540)
L4	27x3	81	\$1620	120	\$2520 (\$900+\$1620)
L5	81x3	243	\$4860	363	\$7380 (\$2520+\$4860)
L6	243x3	729	\$14580	1092	\$21960 (\$7380+\$14580)

Down to Infinity

How is this better than the Basic or the Pro ?

For Basic it costs you \$12.50 per month, and with 3 in downline you have \$30 commission, a profit of \$17.50 and if you are Basic, the max commission is \$10 for any sale either Basic, Pro or VIP.

For Pro, it costs you \$24.50 per month, and with 3 Pro in downline you have \$45 commission, a profit of \$20.50 (for VIP sales, a Pro earns \$15 commission, which is the max commission for his Pro level).

For VIP it costs you \$59 per month. You need just 2 VIP sales you keep and 1 VIP sale passed up by you, to be in profit with \$41. So if you are VIP, just 3 VIP sales sponsored by you, will bring you a profit of \$41.

The VIP package holds the REAL POWER, in both products and commissions.

FAQ Answered

- a) **Can I earn from every Even VIP sale I pass up to my upline if I am a Basic or Pro sponsor?**
No. Only VIP sponsors can earn from every sale they sponsor either they keep or pass up.
- b) **Why we pay 100% commission on Basic package?**
You succeed, we succeed! Give and you will receive, it is what we do. We provide you with all you need for success.
- c) **Why did we add a free base level?**
Although we set you up with all you need from the start as a Basic member for a fair low cost and a 100% payout on the Basic package sale, the global economy is going in wrong direction and many people cannot afford a least the Basic package for a cost of a pizza. So we added the Free pre-level with access to some products, even limited, before the upgraded Basic package, so that, free members can earn and eventually upgrade later if they want to earn more and if they need full access to the products and services.
- d) **Is it AIOP Affiliate plan a MLM, matrix, pyramid or any scheme I should be worried about?**
AIOP Affiliate plan it is **NOT** a MLM structure. Is not a MLM as is you know it by MLM definition, it is not a matrix, binary or pyramid. Nothing like that.
No matter who is passing up to you from your sales team, all the even sales from your powerlines will be always coded to you, creating for you only ONE tier, a large horizontal layer, one level that goes to infinity due to reverse multiplying lines.
When you make a sale as ODD number that sale is coded to you and you earn a recurring commission.
When you, as sponsor, make a sale as Even number that goes to your sponsor.
When you receive a pass up sale, from your sales team, that new client has no other further connection with his sponsor. Is only coded to you. Not to his sponsor, nor to your sponsor.
You earn the affiliate commission from the even up sales passed up to you.

Our Even up affiliate plan doesn't benefit a top earner like in matrices, binary or pyramid schemes, while the new ones never earn a dime. With our system any new affiliate can make money and can start immediately a sales team.

e) **Is there a different system for the VIP package sale?**

All the available options of the affiliate plan, **Basic, Pro and VIP** have the SAME Even up structure. But the difference for the **VIP package** is the way we **assign** the commission for the VIP sale.

We use the same Even up structure as for Basic and Pro, but the commission is split between the sponsor(is the sponsor is VIP) and upline (if the upline is VIP), for every VIP sale made by the sponsor. A VIP sponsor always earns on a VIP sale, even is a pass up to his upline.

Please, refer to the explanations and the comparison table above.

f) **Why do I have to give up my earnings for every even sale to my sponsor or upline?**

Ask yourself this question when your sales team is passing up to you all their even sales.

g) **Are the sales from my downline going to my sponsor or upline?**

NO sale from your downline goes to your affiliate sponsor or upline. You pass up to your sponsor or upline ONLY the Even sales you personally make in width.

h) **Is this a 1Up system? Are my earnings limited by 1 or 2 or any numbered up sales?**

There are No limitations. The plan structure allows anyone to generate an INFINITE number of sales (in width), as well receiving an INFINITE number of sales within the sales team (in depth).

Our proprietary Even up/Even-up® system it is NOT a matrix, a straight line, 2up, 3 up, 4 up or any numbered up system. Any 1 up, 2up, 4 up or 5-6 up system is limited to 1, 2, 4 or 5-6 number of sales you can receive from each member in your powerline.

Through our Even up® system structure, because is not limited in width or in depth, you can make personally an unlimited number of sales in width and ALL the even sales from ALL your downline are CODED TO YOU, in depth, down to infinity. This will create an infinity of reverse multiplying sales lines in width and in depth.

In a limited system, you cannot make more sales than the system setup, and you are locked in width and in depth, because in a limited pass up system, your powerline can generate a limited number of sales for you. So that, if people stop buying and leave, you are locked in width and in depth.
